Personalized Job Training and Support Services to Transform Lives

A collaborative program from Goodwill NCW, FVTC and Rawhide

Career Educational Pathway Nursing Assistant

Description

A nursing assistant is an essential member of the health care team. This program will help the student learn how to provide for the personal care and comfort of people with health issues.

You will learn how to:

- Bathe, dress, feed, mobilize and transport people
- Obtain pulse and temperature
- Obtain observations and reactions to the health care team

Nursing assistants prepare equipment, take care of a patient's room, and contribute to patient records. In this role, the nursing assistant may assist clients with dementia and rehabilitation needs, provide restorative care to help maintain their independence. Upon completion, the student will be prepared to take the state certification exam.

Who Should be in this Program

In addition to empathy and compassion, individuals who have a desire to help others combined with strong communication and observation skills. Other important characteristics of a nursing assistant are: attention to detail, flexibility, emotional stability, and determination.

Entrance criteria: Nursing Assistant Pre-Application, including required health work and caregiver background check.

Background Check

Applicants should be advised the Nursing Assistant Program Pre-Application Process will include a caregiver background check. Any flagged check with criminal activity will be reported to the participating clinical agency for approval. Healthcare agencies have the legal right to approve or deny a clinical experience based on crimes committed. Completion of the program is not possible if the criminal history precludes the student from participating in the clinical experience.
